Let's Stop This

A few people seem determined to give Kelowna a bad name. They are those ten or twenty who vent their displeasure at referees' decisions by throwing programs or cigarette boxes on the ice during hockey games. There is only a mere handful of these people but they are doing a most effective job of giving this city the name of being a town of poor sportsmen.

Admittedly there have been occasions—and Saturday night was one of them—when the referees' decisions were far beyond the understanding of even the most broadminded fan. On such occasions fans desire some outlet to express their disapproval and some seek the physical release of throwing things. But these people are probably no more annoyed than the majority of the fans who refrain from throwing things to the ice.

Actually on Saturday night there was not much trash thrown; a few torn programs and the odd cigarette box. Not quite enough to justify, in our opinion, the edict that the game would be called if the practice continued. Nevertheless, the practice is a bad one. In the first place it takes time to clear the ice and in the second, and more important, a piece of paper on the ice can result in a broken leg for a player or a referee.

We do not think it was because the Packers happened to be trailing in the scoring that the crowd was so obviously disgusted with the refereeing on Saturday night, but there must be other effective means of showing annoyance than hurling programs on the ice. Certainly even the referees must have been fully aware that two thousand people disagreed with them in the Hanson episode. The angry roar which shook the rafters must have penetrated even to the referees. Program throwing was but an anticlimax following that roar of disagreement.

But a hockey game is a hockey game and it can be spoiled for the many by the actions of the few. The dozen or score who persist in throwing programs are doing a good job of spoiling it for the two thousand who go to see a good game. Let's hope the next time they want an outlet for their emotions that this handful of people will remember that there are very few of us who approve of the program throwing and that they will restrain themselves in this regard, that the rest of those in attendance may the better enjoy the game.

Government Spies

It is not surprising that many British people are shocked by Sir Stafford Cripps' announcement that "in suitable cases" the Government will pay informers to enforce its foreign exchange regulation. That is to say, if a man informs the Government that his neighbor is evading these regulations he will be rewarded by the Government like any other stool pigeon.

In discussing this latest development in the totally-planned state the London Economist observes: "Exchange control is one of those departments of the law for which the public may—or may not—be prepared to concede a justification in expediency. It has no moral basis."

"Yet this new branch of law interferes at countless points with the ordinary life of the ordinary citizen. It prohibits him from going abroad when he wants to, it prohibits her (if the ordinary citizen is a woman) from taking her normal jewellery with her, it involves such absurdities as a prohibition on the sending of stamp collections to school boys abroad. To enforce this collection of irritating restrictions, the secrecy of the mails can be, and is violated in peace time. And now there are to be rewards to informers and relators; the state is deliberately to put a premium upon private spying and grudge-baiting, not among the criminal classes, but throughout the whole population. No form of economic control is worth this price. Away with it."

As the Manchester Guardian points out, the Labor party historically has protested against the use of spies and informers by the state or by private interests. "For the Government to encourage and reward informing about civil offenses (and offenses of a very recent creation) must seem to most of us a sad retrogression or, it might be truer to say, a sad imitation of the methods of the totalitarian state. Under Nazism and Communism, as we know, informing—even against one's nearest and dearest—is an imposed duty."

In Britain the duty is not to be imposed but to be encouraged and rewarded by the state. If this is the price to be paid for central planning—and if this process starts there may be no end of it—it is a price which the British people are not likely to pay long, a price which this country would not think of paying for a moment. The private spy should be left in the totalitarian countries where he belongs.

What Is Success?

In casual conversation and in discussion groups the subject is often brought up "What Is Success?" which brings forth various answers. Our attention was therefore attracted to the following editorial on this subject which appeared in the Toronto Star of November 14. Before we read very far into the editorial we pictured in our mind the man to whom it referred, although no name was mentioned. Since then several other local citizens have called our attention to the editorial and all have agreed on the same man. So we feel safe in reproducing the editorial paying tribute to Frank Swallow of Maple Grove district who died suddenly on November 3rd. The editorial follows:

Recently a man who was a resident of Toronto 50 years ago died in a rural community east of this city. His passing raises the question in the minds of those who knew him, "What is success?"

Is success something more than the winning of wealth, fame, glory, power or pre-eminence in any aspect of human endeavour; these things separately or in unusual combination?

This man was a machinist and a good one. He was an expert in the sharpening of saws, and people came to him from far and wide to get the benefit of his skill. When he was a young married man his brother died of tuberculosis, and the doctors told him he was threatened with the same disease and

VOLUME 46

Kelowna, British Columbia, Monday, December 5, 1949.

NUMBER 35

CONSTRUCTION OF THE David Lloyd-Jones home for the elderly people is well underway as can be seen in the above picture. The 14 double room structure will cost in the neighborhood of \$87,000, and with favorable weather, should be completed early next spring. In addition to the 14 double rooms, provision has been made for a lounge, dining room, kitchen and basement while living quarters will be located upstairs for the permanent staff.

COUNCIL WILL HEAR POWER PLAN DETAILS

West Kootenay and Civic Heads Reach Agreement After Conference

Complete agreement has been reached between the city and the West Kootenay Power and Light Corporation regarding the power situation in Kelowna. It was learned following two conferences here last week.

W. L. Jardine, chief engineer of the Public Utilities Commission, along with his assistant engineer, conferred with civic officials and heads of West Kootenay. Also present at the meeting were Mayor W. B. Hughes-Games, Ron Prosser, chairman of public utilities committee; C. H. Neale, electrical engineer; G. W. Meckling, city engineer; and D. McManis and R. Dean, West Kootenay officials.

Details of the agreement were not released, but it is understood a full report will be tendered at tonight's meeting of the Kelowna City Council.

"We are quite satisfied with the agreement which has been reached," a civic official declared. "All I can say at the moment is that Kelowna's power problem will be solved for a number of years once the plan is carried out."

FINANCE HEAD SAYS CITY WILL BALANCE BUDGET

The City of Kelowna has better than a fair chance of balancing its budget for the current year, Alderman J. J. Ladd, finance committee chairman, told the City Council Monday night.

"With any sort of a break, we should be able to do it," he commented. He did point out, however, that several firms had not made a poll tax report and noted as a city of the names which had the embarrassment of a number of the council members.

Marked Improvement in Driving Habits Expected After Motorists Re-Examined

A marked improvement in driving habits of Kelowna and district motorists is anticipated within the near future as a result of the driving tests now being conducted in the city.

Re-examination of automobile drivers got underway last week. The test takes about 15 minutes and those who have received notification cards are being examined, and to date, about 90 percent have kept appointments, according to William Moore, of the B.C. motor vehicle branch.

Kelowna is one of five interior points where a permanent examiner has been appointed. Eventually every driver in this area will be given a check-up on the knowledge of traffic laws and signs, reactions, and finally an actual driving test.

Details of the test, Mr. Moore pointed out, consist of ability to read and understand standard warning signs, a test of hearing, a test of visual keenness, field of vision, perception of depth for judging distances, ability to distinguish colors and a test to reveal double vision, reaction time and general physical condition and finally an actual driving test on the road.

Must Have Car Those individuals who at present hold drivers' licenses must either borrow, hire or rent a car, if they do not have their own, in order that they may take the actual road test, Mr. Moore pointed out. So far, he stated, there have been no complaints on this score.

Those, however, who fail to report at the time indicated on the notification card, will have to go to the bottom of the list, and if they fail to notify the examiner, they stand the chance of losing their drivers' licenses.

As soon as examinations of local people have been completed, similar tests will be given at Westbank, Peachland, Penticton, Summerland and other southern points.

(Turn to Page 8, Story 1)

CALL COMMUNITY CHEST MEETING TUESDAY NIGHT

A meeting of those interested in forming a community chest fund, will be held in the board room of B.C. Tree Fruits Tuesday evening at 7:30 o'clock.

Representatives of various organizations have been invited. The matter was briefly discussed at last Tuesday's executive meeting of the Kelowna Board of Trade.

It was decided that the trade board delegate should attend the meeting with "no power to act". It was stated that opinion is divided as to whether one annual appeal should be made.

The Red Cross Society will not become any party to a community chest fund, it was stated.

"NEW LOOK" GIVEN CITY'S MAIN STREET

Bernard Avenue took on the "new look" today. Under the supervision of City Engineer George Meckling, Christmas tree decorations were erected on the main street, while six sets of colored lights will be turned on during evening hours.

This is the earliest Christmas decorations have been erected on the main street for several years. A short time ago the Retail Merchants' Association asked the city to decorate the main street well ahead of Christmas in an effort to encourage Yule shopping, and council acceded to the request. Merchants contend Christmas decorations tend to encourage the public to shop earlier, rather than leave it until the last week before Christmas.

Three large lighted trees will be erected on Bernard Avenue, one on front of the Paramount Theatre, another in front of the Royal Anne Hotel, and a third at the post office corner. Smaller trees will also be placed in the centre of the street.

TRADE BOARD WILL PROBE LICENCE FEE

Kelowna Board of Trade will investigate a complaint made by one of its members at the executive meeting last week concerning a small business man being charged \$160 a year for a trades licence.

It was pointed out the annual turn-over of this particular type of business was very small, and that the man has to accept part-time employment in a packinghouse in order to make ends meet.

It was stated the city charges \$60 for a manufacturing licence, and \$20 for a retail licence, every six months.

"It's certainly no way to encourage new industries to Kelowna," one member remarked.

In the past it has been customary for council to reduce certain licence fees when they have been found out of line.

COUNCIL MEETING

Council meets tonight in the council chambers at eight o'clock.

MRS. A. E. BROWN PASSES AWAY

Mrs. Alice Elizabeth Brown, widow of Leon O. Brown, who passed away last year, died here on Saturday, December 3, after a lengthy illness. She was 73 years of age.

Ven. D. S. Catchpole will conduct the funeral service tomorrow at 2 p.m. from Saint Michael and All Angels' Anglican Church. Burial will be in Kelowna cemetery.

Native of Kensington, Surrey, the late Mrs. Brown came to Canada in 1930 from Reading, England, and has resided in Kelowna for the past 18 years. She is survived by three daughters: Mrs. Jack Buckland, Kelowna; Mrs. Alfred Claxton, Rutland; Mrs. M. Bailey, Vancouver; two sons—Ernest Callas, Vancouver, and Cyril Callas, Chilliwack.

Seven grandchildren also survive. Funeral arrangements are entrusted to Kelowna Funeral Directors.

Physical Count Places 1949 Apple Yield 7,700,000 Boxes

UNITED CHURCH CHOIR PRESENTS MUSICAL COMEDY

Highlighting the activities of the week before Christmas is the presentation of a musical comedy by the United Church Choir on Tuesday and Wednesday evenings, December 20 and 21, under the direction of Dr. Ivan Beadle, in the Empress Theatre.

Curtain time both nights will be at 8 o'clock and the cast will be accompanied by the new concert orchestra, Dr. Beadle conducting. Title of the operetta will be "When The Moon Rises", and cast, chorus and orchestra include over 60 people.

Announcement of the stars appearing in leading roles will be made in the near future.

HEAVY DAMAGE CAUSED TO TWO MOTOR VEHICLES

Minor injuries to one man and damage totalling more than \$1,000 to two cars were caused in a spectacular late Tuesday morning collision at the St. Paul Street and Doyle Avenue intersection.

Treated for a lacerated scalp, bruises and concussion was Frederick C. Meyer, Laurier Avenue, driver of one of the cars.

Driver of the other vehicle, Dr. T. P. Watson, Rowcliffe Avenue, and passengers in his car escaped unhurt, according to the police report.

Damage to the Watson car was estimated at \$750. Meyer car damage was set at \$325.

ANIMALS ACT WILL BE PROBED

A certain amount of confusion surrounds the interpretation of the animals act, the executive of the Kelowna Board of Trade was informed last week.

Recently several complaints were directed toward the board regarding the number of stray animals on the highway. Several motorists have damaged their automobiles, and have been unable to collect damages. On the contrary, the board is liable to pay the farmer for the loss of the animal if it is killed.

In order to protect the motorist, it is necessary to specify certain conditions under which the animals to roam on the highway, the board was informed.

GROWERS WILL HOLD PARLEY DEC. 14-15

Twenty-one Delegates Will Attend Vegetable Board Conference Here

Delegates representing every interior point in the province will converge here on December 14 and 15 for the annual meeting of the B.C. Interior Vegetable Marketing Board. Highlight of the parley, which will be attended by 21 representatives, will be the election of three grower-members on the marketing board.

In accordance with an amendment to the marketing scheme, the election of this year will be on a slightly different basis. Of those growers nominated for the position of board member, the individual receiving the greatest number of votes will serve for a three-year term, the one receiving the second greatest number of votes will serve for two years, and the one receiving the smallest, will sit for one year.

Under this scheme, each year hereafter, the delegates will elect only one board member for a term of three years and, of course, will fill any vacancies that might occur on the board. The packinghouses elect one member each year, to complete the four-member board.

Grower-members on the board are elected at large, and in this way it becomes their responsibility to act in the best interests of all growers throughout the area, and not merely for those growers in the particular area in which the board member may reside.

BUSINESS "BRISK"

Retail merchants reported "fairly heavy" Christmas buying on Saturday, although the big rush is not expected for another week or ten days.

Retailers agreed Saturday's "take" was the largest in several weeks. Deadline for mailing parcels to U.S. is next Friday; Newfoundland, December 10; Maritime, December 11; Ontario-Quebec, December 12; Sask.-Alta. Dec. 15; B.C. December 16, and local delivery December 17.

And as a reminder—there are only 17 shopping days until Christmas.

AUTO ENDS IN DITCH

Glaring headlights on an approaching car were blamed when a car driven by E. T. Greening, Kelowna, left the road and rolled over in the ditch four miles north of here recently. Car damage was \$150.

Big Increase Compared With Last Year

PHYSICAL count places the 1949 B.C. apple crop at 7,700,000. A. C. Lander, assistant general manager B.C. Tree Fruits announced this morning. This is a large increase from the B.C. Department of Agriculture estimates early in the season when the crop was placed at 6,900,000, and revised in the early part of September to 7,200,000.

Reason for the big increase, according to Mr. Lander was the large number of medium and large size apples produced this year. Tree Fruits has always maintained it is extremely difficult to obtain an accurate estimate of the entire crop even during the packing season. Ideal weather prevailed while the fruit was sizing, while the fruit did not suffer heavily from disease.

The 1949 figure is far short of the record crop year of 1947 when 8,817,110 boxes of apples were produced. Last year the yield was 6,200,000.

The yield is based on the number of apples which are packed in a standard box. Normally, the largest proportion of the crop is in the medium sizes. This runs down the scale: 125 to the box, 138, 150, 163, 180, 193, 216. It is readily understandable the greater the number of boxes containing the small size apple, the less will be the number of boxes in the whole crop.

This year, the 1949 crop peaked at 100's to 125's, whereas last year, the size peaked from 138's to 163's.

In the various varieties, it depends so much on where the size peaks as to the marketable tonnage of that variety. For rough calculation it is estimated a change in peak size in any variety, higher or lower, represents approximately a ten percent increase or shrinkage in the size of the crop of that variety. The same applies to the whole crop, if such a percentage figure is established after a general survey. Thus any change in the peak sizes of the apples may change the packout of the variety or whole crop considerably.

Disease is a second factor which influences the size of the crop. For instance, scab or codling moth can cut the production of a district by half. This again is often due to weather conditions which may make it difficult for growers to spray at the appropriate time.

Windscreens and hail can also have a very material effect on the outcome of the pack.

FIRST SNOW OF SEASON FALLS HERE

Winter's first mantle of snow settled on the city early Sunday morning, though the ridge in the surrounding districts were blanketed two days before.

The fall was light, measuring only .020-inch in rain and snow according to the official record of R. P. Walrod, local weather observer.

More may be in the offing for today and tonight as continued cloudy skies forecast with probable snow flurries.

Temperatures for the past few days (maximum, minimum and precipitation in inches) follow:

Youth Sent To Borstal Institution

A 17-year-old local juvenile boy today left for the Borstal home at New Haven, B.C., where he will spend the next six months and possibly longer, following the decision of judge of the juvenile court H. H. Angle here Saturday.

The youth, one of three juveniles rounded up a week ago in connection with theft of cars and a series of break-ins extending back several months, was committed to the Borstal home for a definite six-month period and an indefinite two years less one day.

Hearings of the charges against the other two youths, both 16 years of age, was adjourned by Judge Angle until December 17.

In all, 16 informations have been laid against the youths involving theft of three cars, two other thefts and seven breaking and entering.

HUNTERS CLAIM WEATHERMAN FAVORS DEER

If the weatherman was playing favorites this year his scales were definitely slanted in the direction of the deer.

Thanks to the almost literal absence of snow during the open season that closed Wednesday, Mr. Buck was able to play hard to get. So hard to get at that the kill this year was estimated at about 50 per cent of the 1948 take. And even last year's could not be described as a "slaughter".

It's a toss-up on how the snowmaker played his cards, but to the ardent deermen, there was something fishy.

Within 24 hours of the season's closing, the first heavy snowfall came and Friday morning the surrounding hills were blanketed several inches deep in some sections.

Last Call for Ducks Nimrods are having their final fling as the shooting season is ready to bow out. Season for ducks and geese closes tomorrow.

Mayor Urges Ratepayers To Support Two Bylaws

DESPITE the fact that all city council posts were filled by acclamation this year, ratepayers nevertheless are being urged by civic officials and the Kelowna Junior Chamber of Commerce to vote on the two bylaws being presented to taxpayers next Thursday.

Ratepayers will be asked to approve the property exchange bylaw which will pave the way for construction of the proposed government building, while the \$185,000 school bylaw is for the construction of new schools in the district, and additional classrooms and equipment.

Mayor W. B. Hughes-Games, in urging the public to vote on Thursday, declared the property exchange bylaw is important, in that the future landscaping of the lakeshore hinges on the passage of this bill.

Build Seawall "The government has consented to exchange the property and is getting a more valuable piece of land than it is giving us. However, certain conditions are attached to it, which, when carried out, will greatly benefit the city."

"The government will build a seawall the entire length of the property, keep the land landscaped and build a new ferry approach at the end of Mill Avenue with two ferry slips in order to make provision for a third ferry and facilitate better ferry service.

"The piece of land was specially selected by government engineers and architects as the most suitable for a government court house and

area."

School Bylaw In conclusion, Mayor Hughes-Games urged the public to support the \$185,000 school loan bylaw. He recalled when the new Kelowna High School building was constructed in the city, taxpayers throughout the district No. 23 supported the bylaw, and he thought local ratepayers should do likewise as schools are badly needed in outside areas.

E. T. ABBOTT first local driver to take test.

R. F. MacLEAN, Publisher

Our Town

BY JACK SCOTT

I have been reading a collection of H. L. Mencken's wonderful essays, including the one in which he suggests that newspaper editorials have lost their punch and wonders if it wouldn't be better just to eliminate them.

Mr. Mencken, it should be remembered, is a dissenter from away back. Once Mr. Mencken was asked, "If you find so much that is unworthy of reverence in the United States, then why do you live there?" To which Mr. M. replied, "Why do men go to zoos?" That is the kind of guy H. L. Mencken is. Still, even a professional dissenter shouldn't be too hard on editorial writers.

It may be true that the editorial page is not what it used to be, but, then, what is?

Simply because some of the old-time, free-wheeling power has gone out of the editorials is no reason to abandon them. In fact, editorials have never more important than they are now. More and more the radio is becoming a force in our lives. Its voice comes from a vacuum and sterile mind, frightened to death of any opinion that doesn't conform to the notion of soap flakes or deodorants.

Good or bad, dull or not, you still must turn to the newspaper editorial page to find the red meat of controversy. It may be dehydrated, as Mr. Mencken suggests, but in the realm of thought it saves many people from being complete vegetarians.

Unfortunately, and unlike the columnist, the editorial writer is under wraps. He speaks anonymously, as a kind of corporate voice, and he may thus feel obliged to keep well modulated and even hushed. Most editorial writers remain crouched behind the bushes of qualifying phrases such as "it appears to be" or "one would assume" or "it would seem likely."

Such strange caution in these days of spade-calling is apt to be discouraging for some readers whose eye may stray over the adjoining column of a signed writer who says what he thinks in a most determined manner.

Columnists, too, are forever crawling out on limbs, and these precarious gymnastics are understandably more interesting than the careful perch of the editorialist.

Now, if I were an editorial writer (a condition which could come only over my dead body) I might reply to this kind of criticism by saying that there never was a time when such cautious caution was more necessary. I might even quote from the earlier writings of Mr. Mencken himself, who once defined the truth-seeker in these sage words:

"The man who boasts that he habitually tells the truth is simply a man with no respect for it. It is not a thing to be thrown about loosely, like small change. It is something to be cherished and hoarded, and disbursed only when absolutely necessary. The smallest atom of truth represents some man's bitter toil and agony; for every ponderable chunk of it there is a brave truth-seeker's grave upon some lonely ash-dump and a soul roasting in hell."

The trouble with this is that I am not convinced that editorial writers are necessarily hampered by the truth. I have read too many "inside information" editorials about Russia written by hacks who have never been nearer Russia than Moose Jaw.

Yet even if you disagree with everything in that corner of the paper, it would be folly to suggest that it serves no purpose. There might be a better approach to editorials. Signed opinion, for example, might give such views more sting and consequently more readers. But the important point is this: The editorials today, as in the past, present a newspaper's outlook in black and white, and that is a basis for discussion and debate that is sorely needed.

IRAN CURTAIN?

Subject to the approval of the legislature the provincial government will enter into an agreement with the federal government to embark upon a construction program to relieve the housing shortage presently existing in British Columbia. It was announced by Premier Byron Johnson following an executive council meeting.

Conferences will be held on December 12 and 13 with municipal authorities so that the basis upon which municipalities can participate may be determined and the necessary legislation for the provincial legislature thereby facilitated, the premier stated.

Premier Johnson placed before the executive council meeting a plan for low-cost housing following a conference with Hon. Robert Winters, minister of reconstruction and supply. He reported to the cabinet that in the bill that had been introduced into the dominion house by Hon. Mr. Winters provision had been made whereby the dominion and the province could join in the assembling of land and construction of houses for sale or for rent under arrangements by which the cost, profit and loss will be shared on the basis of 75% federally and 25% provincially.

In view of the fact that a municipal responsibility is apparent in solving the housing shortage the premier has invited municipal authorities from Victoria and 11 other Vancouver Island communities to meet him on the afternoon of December 12. Representatives from Vancouver have been asked to send a delegation to discuss the question at a separate conference at 10 a.m. on December 12 while New Westminster and 13 Fraser Valley centres will meet at 10 a.m. on the morning of December 13. Representatives from 14 other communities in the interior of the province will meet on the afternoon of December 13.

David Mansur, president of the Central Mortgage and Housing Corporation will come from Ottawa to attend these conferences. Under the scheme it is envisioned

that large blocks of houses will be built at the lowest cost obtainable under the system of granting large contracts. Those desirous of securing houses therefore will benefit from the lowest construction costs both as to rental or purchase under the national housing scheme.

The premier was advised that the Central Mortgage and Housing Corporation has factual data by which to determine the needs of the various communities. The organization constantly has kept closely in contact with the shortages existing not only in various parts of British Columbia but throughout Canada.

British Columbia is the first province in the dominion to indicate its intention to participate with the dominion in solving the housing shortage. The internationally known firm of Stevenson and Kellogg Limited, Management Engineers, has been appointed to examine thoroughly the administration of the motor licence department with a view to determining what methods can be adopted to improve the efficiency and at the same time to bring about a saving in administration costs. It was announced jointly by Premier Byron Johnson and Attorney-General Gordon S. Wismer, K.C.

"This is the first step in a program to place the administration of government services on a sound business basis," the premier declared. "Stevenson and Kellogg Limited, after completing their work in the motor licence branch of the attorney-general's department, will in all probability be asked to undertake similar studies in other departments," the premier indicated. Decision to employ efficiency experts to study governmental departments was reached when it was considered that the rise in estimates in the motor licence department required careful review.

P.G.E. Contracts Let For Steel Contracts for the providing of steel for the extension of the Pacific Great Eastern Railway from

Quesnel to Prince George have been let to two companies. It was announced by Premier Byron Johnson.

The supply of 16,456 tons of 85 lb. rail at a cost of \$1,546,004; 671 tons of angle bars at a cost of \$84,633 and 1800 tons of tie plates at a cost of \$190,953 will come from the United Kingdom, the contract having been let to the British Iron and Steel Corporation Limited.

Total cost of supplying these three materials is \$1,822,452. This tender was the lowest bid. The second contract for the supply of 94.6 tons of track bolts, 602.8 tons of spikes and spring washers numbering 126,500 was let to the Vancouver Rolling Mills Limited at a cost of \$106,115. This bid is slightly higher than the lowest tender but was awarded to the Vancouver firm to encourage local industry and thereby provide employment.

Duck Lake

Authorization has been given by order-in-council for the reclamation of 2,700 acres of land by the Duck Lake-Creston Reclamation Company. It was announced by Premier Byron Johnson following a meeting of the executive council.

This decision was reached after considering all aspects of the case both as to need for agricultural land as well as provision for adequate feeding grounds for migratory birds.

Reclamation of Duck Lake land on this basis was recommended by the International Joint Commission.

Coal Output Higher

Coal production in British Columbia was up some 2,573 tons over the same period last year, the Hon. R. C. MacDonald, minister of mines, announced.

Total production for October was 150,495 tons as compared to 147,992 in October 1948.

CITY FATHERS "MYSTIFIED" OVER REQUEST

City council received a bit of a surprise on Monday night when D. Hayes, commodore of the Kelowna Yacht Club, wrote asking the city what its plans were in connection with the government breakwater which had recently been completed here and which was being turned over to the city.

His Worship the Mayor, and others were completely mystified. "It's the first I've heard about this," commented His Worship, Alderman Dick Parkinson doubtfully expressed the opinion that he had heard something about it a long time ago. Alderman Parkinson was instructed to contact Mr. Hayes to ascertain the basis of his information.

Natives of the West Indies, who regularly chew sugar cane, are said to have better teeth on the whole than Canadians.

PARKED CARS ARE DAMAGED IN ACCIDENTS

Two weekend motor accidents within three hours of each other and involving parked vehicles at almost the same spot on Pender Street resulted in police action last week.

Damage aggregating \$40 was caused when a car belonging to K. S. Cheesworth, 740 Cawston, and left standing facing north near Buckland Avenue, was struck by a car driven by David Wolfe, Five Bridges.

Cheesworth was fined \$15 and costs in city police court Nov. 30 for parking on the main travelled portion of the highway. Three hours later, just across the street, a car driven by Warren J. Brown, Kelowna, crashed into a parked car owned by John Jaeger.

AGAIN THIS YEAR A DISPLAY of apples from British Columbia proved to be one of the major attractions at the Royal Winter Fair in Toronto. Surrounded by red and green varieties of B.C. apples, the centre panel, as shown above depicts an orchard scene, with snow-capped mountains in the background, from which a stream of wrapped apples flow forward, culminating in a huge papier mache

Delicious apple, standing out from the display panel. Representatives of the fruit industry who accompanied the display, and were on hand to answer the thousands of questions asked about the apples and B.C. orchards, report that visitors to the winter fair showed unusual interest in both the activities of the growers and the apples themselves.

No child is safe from the threat of diphtheria and whooping cough unless he has been immunized. No known cases exist where a child who has been immunized died of these diseases. Protect your children from "the baby-killers". Immunization is free, simple and painless. You can't afford not to have your children immunized. It is the only safe way.

E. C. WEDDELL HEADS YALE BAR GROUP

E. C. Weddell, K.C., was elected president of the newly formed Yale Bar Association at a meeting held in the Royal Anne Hotel, while G. W. Black, of Kamloops, was chosen vice-president.

Other officers are honorary president, Chief Justice W. B. Farris; honorary vice-presidents, Judge J. Ross Archibald and Judge M. M. Colquhoun; secretary, R. M. Hayman; executive, Gordon Lindsay, Vernon; John Aikens, Tentleton; D. S. McTavish, Salmon Arm; H. W. McInnes, Tentleton, and Archer Davis, Vernon.

Lawyers from all points in the Okanagan Valley, and from Vancouver attended the conference. Chief speakers were Judge Archibald, Judge Colquhoun, R. H. Tupper, treasurer of the Law Society of B.C., and Brig. Wm. Murphy, president of the Vancouver Bar Association.

It was announced that Judge Archibald and Judge Colquhoun will offer a \$100 prize to the most meritorious law student in the Yale County.

For the time being the Yale Bar Association will use the constitution of the Vancouver Bar Association, but the executive will submit, for approval, a constitution at the next meeting of the Yale association.

Next formal bench appointments will take place in May, 1951, unless a vacancy occurs before that time. Mr. Tupper told the meeting. He stated if a vacancy occurred in a Vancouver seat, he had no doubt that what it could be filled by a benchman representing Yale. At present the benchmen number as follows: Eight from Vancouver; one from New Westminster; two from Victoria, and two ex-officio, Senator Farris, of Vancouver, and Mr. Moresby, of Victoria.

Charged under the Indian Act with being unlawfully intoxicated, Mary Manuel was fined \$10 and costs in district police court November 21.

Captatas and operas differ in that a cantata is a musical drama sung without costume, scenery or action, while those things are present in an opera.

bers and aldermen an opportunity to discuss civic problems and many concrete suggestions were made with a view of improving the city.

Yours very truly,
TREADGOLD SPORTING GOODS

HIGHWAY ACT

The Editor,
The Kelowna Courier,
Dear Sir:

It has occurred to me that it is rather peculiar, in a free country, no discussion has taken place covering the new highway act, that will become law January first. I am informed that this new law provides for the following:

First—That it shall be unlawful to erect a sign on or off private property within 1000 feet (333 1/3 yards) from the centre of any highway. This means in effect that no one can have a sign, at that distance no ordinary sign is readable. Within that distance the government has the power to remove, any building, any sign, any hedge, any tree, plant or other obstruction if it so desires. British Columbia farms are mostly small, and many do not extend 1000 feet from a highway, so that many farms will be under the jurisdiction of our provincial government; in other words completely socialized. While it is possible that such powers may not be abused; it is not good policy for a free country to put itself in the position of becoming a slave to its own government. Tyranny has always grown from the abuse of too much power, wrested from the control of an innocent and credulous people. I would be remarkable if such an act as our provincial government is contemplating stand up against federal laws protecting the freedom of Canadian citizens, and the security of tenure of those owning property.

Second—The provincial government intends to remove all signs now standing on an owners own property and replace them with what they are pleased to call "rustic signs" whatever that may mean. In other words should an owner have a valuable Neon sign, which may be the very life-blood of his business, it can be removed and replaced by another sign that may not have any practical value whatever. Cross-roads stores, garages, and auto courts will be especially hard hit, because they cater to the travelling public, who have no way of knowing where these tourist accommodations are located except through signs. Tourists drive fast out on the open road, and in order to be any good signs must be readable for several hundred feet.

Third—The government intends to interfere with free and open competition, because they intend to remove all signs in rural areas, and not to interfere with signs inside of incorporated areas.

This can be the cause of grave injuries in some instances. Take for example "British Columbia" auto courts. While it is true that some courts are established inside of incorporated areas, the large majority, because of difficulty of being able to acquire sufficient space, have been forced to build outside of city limits. In fact most tourists prefer to stop in the quieter areas just outside of a city, than within the bustle and roar of city limits. Under this new law, those located outside of incorporated areas, where high speed limits are allowed, and a good sign is absolutely necessary, will have their signs removed, while those inside city limits where speed limits are restricted, and signs not so necessary, will have the privilege of erecting any kind of sign they wish. Is it too much to ask the citizens of this fair Province to awake and investigate this new legislation before it is too late.

JOHN G. WILLINGTON
Tentleton

TRADE BOARD HEAD HOST AT DINNER

Members of the City Council, executive of the Kelowna Board of Trade and other representatives were guests at the "president's dinner" tendered by F. N. Gisborne, president of the Kelowna trade board, in the Royal Anne Hotel Wednesday night.

The dinner was quite informal, but it gave the trade board mem-

HIS EYES FILLED WITH TEARS, Ray Dreher, 15, of Louisiana, is shown in Chicago as he bids a tearful farewell to his pal "Jiggs," a Hereford calf which was awarded top money by cattle dealers during a Chicago livestock exposition. Ray, who had raised the calf to mammoth size from a little dogie, was just too good to "Jiggs," who is scheduled to be hamburger soon.

Packers' Loop Leadership Threatened As Monarchs Hold On For Tight Win

KERRISDALE 7, KELOWNA 5

KELOWNA Packers' reign on top of the Mainline-Okanagan senior hockey league is seriously challenged following two successive defeats late last week.

No matter how you look at it—on a percentage or point basis—Packers lost ground to the Kamloops Elks, who gained a pair of victories and vaulted from fourth to the runner-up spot since Thursday.

On a percentage standing, Kelowna has .583; Kamloops .525. But on the point basis, Kelowna, Kamloops and Vernon would all be tied for first with 21 points.

However, there is plenty of determination in the Packers' camp to hold on to the top rung after they fought so hard to get up there. Ken Stewart's boys will have lots of chance to improve their status this week, showing in Vernon Tuesday, hosting Kamloops Thursday and week-ending at the Coast.

Velvet-smooth on combination, down the Vernon Canadians 7-4 in a gazelle-like on grabbing break-away opportunities and backed by almost impenetrable goal-blocking, Paul Rung's Kerrisdale Monarchs slapped down the Packers 7-5 Saturday night before a full Memorial Arena house.

Three-goal efforts by Bob Schmidt (his second hat-trick in two nights) and Al Rittinger set the Monarchs up for their second win in as many evenings and their third in league play this year.

Better Defensively Outscoring the Packers 3-1 in the first and 2-1 in the second, the Kerries slipped into a superior defensive gear in the third period to hold the hard-pressing homesters to three goals while grabbing a pair themselves on breakaways.

The standout during all of Monarchs' second upcountry jaunt, goaler Don Saunders was the stumbling block to the Packers as they carried the play in a futile try to turn defeat into victory during the last 20 minutes. Saunders was tested with 28 shots during the fixture, nine of them coming in last period.

Boy Taylor, Packers' spare net-minder and subbing for the ill Al Laface, had only four shots to handle during the last frame and 25 over the route.

Basile The Villain Two major penalties for fighting and 13 minors were meted out in the fast-moving, penalty-studded fixture by referees Bud Fraser, Kelowna, and Walter Waites, Vernon. Pat Bastien, currently heading the Kelowna fans' poll for league villain and Rittinger, both were thumped to the cooler four times. Kelowna drew only five of the 15 penalties handed out.

Frank Hoskins and Norm Knippleberg paced the losers with two goals apiece. Knippleberg, with a helper also, and Bud Gourlie with three assists, were high point-makers for the Packers.

(Special to The Kelowna Courier) KAMLOOPS — Down 4-2 at the end of the first period, the Kamloops Elks came charging back to score three goals in the second frame and a pair in the third to

KAYCEE MIDGETS MARK UP THIRD SHUTOUT IN ROW

Currently the hottest fellows in minor hockey circles are the Knights of Columbus midgets who are yet to be scored on in their three league starts.

Their latest shutout—a 6-0 job at the expense of Kelowna Athletic Rural Club on Wednesday—has left the Kaycees firmly entrenched atop the Midget Hockey League.

Blanking honors are almost evenly shared by the two K. of C. goalies—Larry Chatham and Albert Klingbell. Both have a full game to their credit, while in the third, Klingbell took over for two periods after Chatham was hit on the head in the first period.

Eddie Selzer and Bobby Folk paced the Kaycees to their 6-0 win over the KRACers, both with a pair of goals. Netting the others were Alphonse Giesinger and Col Schaefer.

Canadians Snap Packers' Unbeaten Skein at Eight

KELOWNA Packers' unbeaten Mainline-Okanagan puck loop string was snapped at eight straight when a better-working Vernon Canadians' squad handed them an 8-5 defeat before a capacity house of 2,300 fans in Memorial Arena Thursday night.

Biting off the biggest chunk in stopping the league's longest win skein to date was Johnny "on-the-spot" Loudon, who beat Packer goaler Al Laface four times, three of the tallies coming in the second period when the Canucks really stepped out and grabbed a 6-2 lead to take with them into the final session.

Despite going under for the first time since November 3, Packers held on to their league lead on a percentage basis over the runner-up Canucks. An 8-5 draw with Kerrisdale on November 5 started the Packers off on the undefeated trail that saw seven successive victories before they were dumped here Thursday night by Laurel Harney's Canucks.

Brilliant net work of Canadians' Glen Bowler plus ineffective Kelowna play when the Canucks forced the action into the Packers' zone both contributed to Vernon holding on to a well-deserved win.

Action at both ends was fairly well evenly spread, with both teams giving the crowd plenty of scare-thrills with goal-hungry thrusts. The shots on goal record show Bowler had 24 shots to handle; Laface 23.

MERCURYS MAY BE BY-PASSED

Edmonton Mercurys, last year's Western Canada intermediate champs and Canada's representatives in this winter's world amateur hockey championships, may not appear in Kelowna after all.

Arrangements to bring them here for an exhibition game against the Packers have bogged down, a spokesman for the Kelowna Senior Hockey Club admitted today.

Mercurys at the moment are in the middle of a three-game series at the Coast.

Tour arrangements for the Mainline-Okanagan league first were handled by Frank Becker of Vernon. Then they were handed over to Dr. Mel Butler, Kelowna, league president.

An overall financial agreement for the Mercurys to play each team in the league could not be reached, Dr. Butler said last week. So from there each of the league clubs went on their own.

Too Busy This Week Whether the Edmontonians will play Kamloops and Vernon was not known here immediately.

However, with the Packers making their first trek to the Coast this weekend, and with a league game at Vernon on Tuesday and another here on Thursday, it will be impossible to fit in the Mercurys this week.

"Next week will probably be too late," the local spokesman said.

What's Doing?

TUESDAY
Minor Hockey Night — Juvenile game, KRAC vs. City, 7 o'clock.
WEDNESDAY
Midget Hockey — Air Cadets vs.

KRAC, 5 p.m.
THURSDAY
Senior Hockey — Kamloops vs. Kelowna, 8:30.

KAMLOOPS — Baseball officials here announced Victoria Athletics of the Western International Baseball League definitely will hold their spring training in Kamloops.

NOTICES

PUBLIC NOTICE Pursuant to the provisions of Section 5, of Chapter 138 of the Revised Statutes of British Columbia, 1948, "Grazing Act", notice is hereby given that all horses, branded or unbranded, owned or claimed by any person or persons, must be removed from the Crown range within the exterior limits of the Vernon Grazing District (approved by Order-in-Council No. 953, August 4, 1923), on or before the twenty-second day of December of the year 1949, and must be kept therefrom until the fifteenth day of April of the year 1950.

During this period the Department will give consideration to applications of Livestock Associations, Farmers' Institutes and others, to shoot or otherwise dispose of wild and useless horses encumbering the Crown range, and any horses found on the Crown range during this period may be shot or otherwise disposed of under the provisions of the said "Grazing Act" and Regulations without further notice.

E. T. KENNEY, Minister of Lands and Forests.

Dated at Victoria, B.C. this 17th day of November, 1949.

FRASER HEADS VERNON GOLF VERNON — Monty Fraser was re-elected president at the annual meeting of the Vernon Golf Club. Membership for 1949 increased to 115 as compared to 90, for the previous year.

Although milk is stressed for the diet of children it is not "just kid stuff". Milk is a valuable food as it contains many nutrients necessary for the health of both young and

old. Adults need at least one-half a pint a day in some form. Softwoods make up 80 per cent of Canada's merchantable timber.

WORKMEN IN MOUNT VERNON, Washington, are shown working feverishly to place sand bags in the path of the rampaging Skagit river, which overflooded its banks after a fierce storm ravaged the area. The storm struck British Columbia and the rest of the Pacific coast isolating whole communities and causing millions of dollars property damage. —Central Press Canadian

MOTHER NATURE, IN DEALING out death and destruction around the globe with floods and storms took a swipe at Cherbourg, French seaside city, where unusually high tide inundated the town, forcing 2,000 families to flee. Here neighbors use rubber boats to help a family save as much of their property as possible.

IN ITALY, TORENTIAL RAINS converted the usually pleasant and placid canals of Venice into overflowing rivers. Ingenious Italian youngsters brought out their wheelbarrows and carried customers around the city—for a price. This one provided a cushion for his rider, but he paid for that luxury. —Central Press Canadian

RINK GRANT IS APPROVED AT PEACHLAND

Delegation Waits on Council Concerning Building Skating Rink

PEACHLAND — A delegation requesting a grant towards the building of a skating rink for the children recently waited on the Municipal Council.

Included among the delegates were Mrs. G. W. Munro and Mrs. G. R. Topham, of the P.T.A., and L. Trautman and Neil Witt. Mr. Trautman requested a sum of \$200 to help defray the expense of leveling the ground and constructing a board fence around the rink. Reeve C. O. Whinton stated the council were sympathetically inclined toward the idea but would have to refer the matter to the ratepayers meeting held last Saturday. The meeting subsequently approved the grant. The P.T.A. delegation said that the P.T.A. would help maintain the rink.

L. Trautman wished to know if he could be supplied with water from the Peachland domestic water system. Mr. Trautman pointed out that D.L. 220 was not included in the domestic water system area, and therefore could not be supplied with water from the domestic system.

Mr. Trautman stated he had installed a sand point, but that it had not been successful. He said the only thing left was to pump from the lake, but as this would cost a considerable outlay he wished to be assured that if the domestic water system was enlarged and extended to include D.L. 220, he would not be included in the area and would not be subject to taxation. Councillors G. W. Hawksley and C. F. Bradley were doubtful whether the council had the authority to give him that assurance. However, further legal advice will be sought in this connection.

D. W. Miller, representing the Peachland Athletic Association, requested a grant to help the finances of the association. The council asked if the school district was still making use of the hall, and if so, what rental was paid. The hall was used extensively by the students, being open to them daily under supervision of the school teachers. The association had received \$200 last year for maintenance of the hall, but no word had been received of any rental for 1949. The council granted them \$60.

Recommendations from the P.I.D. in regard to the flume above the T. H. Barnett property were to be carried out and the flume will be repaired and cornered.

Councillor G. W. Hawksley tendered his resignation as councillor. He still has one year remaining in his term of office.

Voting on the school loan by-law No. 274 and the municipal elections will take place at the Municipal Hall on Saturday, December 10 between the hours of 8 a.m. and 8 p.m.

ALTERATIONS SATISFACTORY

Council on Monday night received a letter from the South Okanagan Health Unit stating that J. Follmer, 1377 Ellis Street, had instituted most of the recommendations made regarding sanitary conditions on his premises. Although W. T. L. Roadhouse reported that the conditions now are satisfactory as a temporary measure. He said Mr. Follmer had tried to co-operate and had followed all recommendations except the placing of a sink on each floor.

Council decided to write Mr. Follmer expressing appreciation of his prompt co-operation and stating that the recommendation regarding running water should be carried out in the early spring.

TO ACCOMMODATE Britain's present 150,000 television owners, the British Broadcasting Corporation built the tallest television mast in the country. Top, it rises to a height of 750 feet and weighs upwards of 90 tons. The mast pivots on a ball bearing, above, just two inches in diameter. Television output in England is expected to reach \$50,000 by the end of 1950. This newest television set up will serve a population of over 6,000,000 and will transmit programs relayed from London. To allow "give" in a high wind the shaft rests on a specially curved base plate in the centre of which is the bearing.

Operating a truck without a subsisting carrier's licence cost Victor Audley \$10 and costs in district police court November 21.

THESE CHINESE ARE GOING BACK and forth over a bridge that divides the new territories of Britain's crown colony of Hong Kong and Communist territory in China. British and Reds face each other across the border here, but so far there have been no incidents.

Squawks 'n' Beefs - -

A Black Mountain resident writes to the "Squawks 'n' Beefs" column regarding irresponsible hunters. People are strange creatures. It makes us wonder sometimes. All along the Black Mountain Road are "No Shooting" signs except our farm and we are now forced to put them on too, although you may curse at them as many other hunters have cursed at the other signs. However, here is our beef.

Our apples were made into targets, our new potato pail was riddled with bullets, our horses were shot at to scare and also our cows, one of which had blood in her milk for two weeks. Well that is not all, we didn't like to squawk but when our good mouster cat came home today on three legs, it is going too far. This cat is not the first this year to arrive in this condition. My little girl carried one home not long ago with only three good legs and a bullet had ripped off the fourth. She had found it on her way home from school and it was still alive.

I guess it was a good joke to the hunter and he probably had a good laugh, but to my mind it is cruelty.

A. E. HOMEWOOD GETS LETTER FROM MR. KING

Albert E. Homewood, pioneer Rutland resident, never forgets the birthdays of Hon. Winston Churchill or former prime minister Mackenzie King.

Last month Mr. Homewood wrote Mr. King extending birthday greetings, and at the same time regretted the sudden death of Earl Beatty who jumped from a hotel window in the west end of London.

Text of Mr. King's letter reads: "I duly received your letter of November 15, and was sorry to learn of the misfortune which had come to

your friends in England.

"I am most appreciative of your thoughtfulness in remembering my birthday once again; and send to you, with this letter, my best wishes for your eighty-ninth birthday on December 17."

Mr. Homewood has letters on file from some of the British Empire's outstanding statesmen.

ATTEND MEETING Three members of the Catholic Youth Organization attended the city council meeting on Monday night in the roll of observers.

Fine of \$10 and costs was imposed on Harvey Inkster and sentence was suspended for T. McDougall when they appeared in city police court November 21 on charges of being intoxicated in a public place.

BAN TRAFFIC

Kelowna Kinsmen have written the City Council asking that traffic be barred from Bernard between St. Paul and Abbott on December 10, during the arrival of Santa Claus and that they be permitted to use a public address system on Bernard at the post office on December 10, 11 and 12 between 10 and 12 noon and 2 and 4 p.m. Trevor Pickering, 312 Bernard.

Both requests were granted by council.

GRANT LICENCES

Council on Monday night granted a building contractor's licence to R. R. Rodomske, whose place of business is outside city limits. An optometrist's licence was granted to 10 and 12 noon and 2 and 4 p.m. Trevor Pickering, 312 Bernard.

Mr. and Mrs. R. Zinn, of Kelowna, announce the engagement of their only daughter, Wanda, to Dr. I. Schumland, of Renton, Wash. The wedding will take place in Kelowna on Monday afternoon, December 20, at 5 o'clock in Grace Baptist Church.

YOUNG PEOPLE PLAN CONCERT DEC. 12-13

Local Entertainers Will Take Part in Minstrel Show at United Church

Regarded as one of the entertainment highlights of the winter season, the United Church Junior Young People's Minstrel Show will make its third annual appearance on December 12 and 13 at the United Church Hall.

Aiming at giving a bigger and better show this year, Producer-Director Bill Anderson announced this week that several well-known local entertainers had offered their services.

"Babe" Newman with his trumpet and singers Ernie Burnett, Miss Velva Maxson, John Sugars, Miss Beverly Lewis and Ken Tutt will supplement a cast of 30 voices. Bob Large and Bill Anderson will be in attendance. Miss Marie Miller will act as pianist for the show.

Toured Valley
The last time this group presented this show, offers from other points in the valley were taken up. Six performances were given before time ran out and examinations crept in.

Part of the proceeds this year will go towards installing necessary equipment in the boys' club room and workshop.
Included in the program are a one act play, "A Ghostly Evening", directed by Miss Beaumont, Kelowna High School teacher; "The Lord's Prayer" by tenor Ernie Burnett; "O Holy Night", by Miss Maxson.

BLACK MOUNTAIN P.T.A. FORMED

BLACK MOUNTAIN — Formation of a Parent-Teacher Association was discussed at a meeting held recently at the Black Mountain School. Mrs. Lucas, president of the Rutland P.T.A., was guest speaker.

It was agreed after considerable discussion that the Black Mountain P.T.A. would affiliate with that in Rutland, for the first year. A permanent committee of two was then elected with Mrs. Jake Anton as secretary-treasurer, and Mrs. Harold Walker as Black Mountain representative.

Plans were then laid to hold a whist drive with all proceeds going to aid the Christmas tree.

BIRTHS

HODGKINSON—At the Kelowna General Hospital, on November 30, to Mr. and Mrs. Timothy Hodgkinson, Kelowna, a daughter.

SINGH—At the Kelowna General Hospital, on Wednesday, November 30, to Mr. and Mrs. Bhagu Singh, Kelowna, a daughter.

MARSHALL—At the Kelowna General Hospital, on Friday, December 2, to Mr. and Mrs. Ronald Marshall, Kelowna, a son.

Steps Taken to Organize Local Council of Women

Twenty women representing twelve women's organizations in this city gathered at a meeting called by Mrs. Phyllis Trenwith, president of the Kelowna Business and Professional Women's Club, to discuss plans for the formation of a Local Council of Women in Kelowna.

The meeting was held last Tuesday evening in the Orange Hall.

It was emphasized at this pre-organizational meeting that the Local Council of Women is not an organization in itself, but a federation of existing women's organizations in a given area. Only a women's organization may become a member and furthermore, each local council automatically becomes a member of the provincial council, which in turn is a member of the National Council of Women.

In Canada there are some two million women represented in the National Council of Women, giving this body some authority with the government. The Provincial Council of British Columbia represents over 8,000 women.

Organizations affiliated with the Local Council of Women do not lose their identity, nor their independent aim or method. Indeed, where those aims concern the well-being of the whole community, they are amplified and put into action by the local council. It is a clearing house on public questions, a gauge of public opinion, a national force.

Some of their accomplishments to date have been the formation of the juvenile courts, appointment of police matrons, women magistrates, school nurses, medical health officers, dental clinics, domestic science and manual training courses in the schools. One of the first big battles of the national council was for woman suffrage and the first suggestion of change in the B.N.A. Act to allow women to sit in the Dominion Senate came from this council.

A local council affords a channel through which all society may reach out to larger work, the beneficial results of which are bound to react on the lives of women in every walk of life. With such a council, all organizations in the area can be contacted quickly on any project for the good of all.

Some of the resolutions presented to the provincial government a month ago, and on which they are still working are:

The rescinding of the amendment to the civil service which refuses to employ women over 40 and men over 45; some improvement in hospital insurance act regarding home nursing; domicile of women, assault cases; lurid comics; liquor legislation.

While a sufficient representation of all women's groups in this city were present, as it was impossible to contact each individual society, a temporary chairman and secretary were appointed to carry out the organization of this group. They include Mrs. T. F. McWilliams and Mrs. Gordon D. Herbert. Any organizations in the city not hitherto contacted are asked to get in touch with Mrs. J. H. Trenwith by phoning 384 for necessary material and information regarding the formation of this council.

Concluding the meeting, Mrs. D. C. Kyle, who has had many years of experience in local councils, outlined the functioning and objects of the council.

Hither and Yon

Mr. and Mrs. James Flynn, of Westholme, announce the birth of a son, 7 lbs. 8 oz., on Sunday, November 27, Mrs. Flynn is the former Mary Pat Hilliard, daughter of Mr. and Mrs. G. E. Hilliard, of Okanagan Mission. The baby will be given the names Michael Patrick Hilliard Flynn.

Officials of the Penitentiary Elks Club will arrive in this city next Friday morning to present Roger Tait, local swimming star, the cup Velva Maxson, John Sugars, Miss Beverly Lewis and Ken Tutt will supplement a cast of 30 voices. Bob Large and Bill Anderson will be in attendance. Miss Marie Miller will act as pianist for the show.

Miss Jane Stirling, John Kitson and Roger Tait left last Friday morning for Vancouver where they will take the Y.M.C.A. sponsored life-saving course over the weekend. The course is of considerable value to these life-guards giving them advanced instruction in life-saving techniques and methods. The representatives from this city are being sent by K.A.R.T. and will return to this city today.

Acting Sub-Lt. Robin Young, R.C.N., who has been serving overseas with the Royal Navy for the last 18 months, is spending a month's leave at the home of his parents, Mr. and Mrs. K. R. Young, Okanagan Mission. He will leave on December 28 for the Royal Naval College at Greenwich, England.

Mr. Dave McNair left Monday morning for Mexico City via Chicago. Flying the entire route, Mr. McNair will be away for about 18 to 20 days.

Miss D. Dickie and Mrs. J. J. Reid, of East Kelowna, spent the weekend in this city visiting Mrs. A. M. Bowes.

CRITICIZE DELAY AT POST OFFICE

Criticism over long delay at post office tickets was voiced at the executive meeting of the Kelowna Board of Trade, Tuesday afternoon.

One member stated there is only one man on duty at the registration desk, but refuses to let on. In front of the Bernard Avenue entrance. It took him over 20 minutes to obtain stamps and register a parcel, he stated.

With the Christmas season approaching, it was suggested the local postmaster set up a special table for selling stamps.

It was also suggested that the board investigate the delay.

'Round the Town

By JOAN GRIMMETT

Of wide interest throughout the district is the presentation of "A Grand Variety Entertainment" by the Kelowna Rural Amateur Dramatic Society, towards the middle of this month.

Playing a three night stand, in and around town, this presentation will include comedy numbers, one act plays and will climax with a Christmas story. Playing in Kelowna itself on Friday evening, December 10, at the United Church Hall, the production will also appear at the East Kelowna Community Hall on Monday, December 12, and in the Rutland Community Hall on Wednesday, December 14. All performances will commence at 8 o'clock in the evening.

Among those taking part in this gala affair are Rev. and Mrs. F. D. Wyatt, Mr. and Mrs. J. Bradley, S. Kibbelo, Dunlop and Eric Dunlop, of Okanagan Mission; H. R. Perry, Miss June Perry, Mrs. E. O. Middleton, R. Pethybridge, Teddy Johnston, J. M. Terrup, Mrs. J. Lamont and Mrs. J. Neldham, of East Kelowna; Jack Liddle, N. Wauldroff and F. Wyatt, of Rutland.

Included among those participating in the "Physical Training—New Style" produced by East Kelowna are Miss Barbara Bailey, Miss Carol Evans, Miss Gloria Koide, Miss Barbara Smith, Miss Sally Turton and Miss Mary Young.

In between scenes community singing of well-known Christmas carols will highlight the various intermissions.

TEMPTING GIFTS

Well into the beginning of December now, the towns are really taking on a festive attitude. Gay attractive Christmas decorations everywhere, one looks and sparkling ideas for Christmas gifts just tempt the pocket book in every store.

Sparkling and delicate as a Christmas tree bobbie is the dainty gold banded glass perfume bottle with its tiny gold atomizer to package HER favorite scent at Christmas. Shaped like the gleaming colored balls on a Christmas tree, this fragile accessory would highlight any woman's vanity.

Scents delicately packaged for Christmas, but refusing to let on, prove high on the list of gift suggestions for any women at this time of year. Complete nail grooming sets attractively enclosed in smoky leather cases in gay Christmas red, in sophisticated black, in practical tans and browns are equally popular this season.

Something new and something feminine is the delicately scented water softener called "Blue Spray" while the ever popular dusting powder mit has also made its appearance in the gift aisle. Soap on a cord proved a favorite of many who hated chasing slippery cakes around the bath-tub is also back again in spicy "pine" or luxurious "rose geranium".

FOR MEN ONLY

Also in the cosmetic line, but this time for men only, are the wonderful men's sets put out by leading cosmetic firms. The names of Yardley and Letheric which have become so well established in the men's world are taking an equal place in the world of men. "Tartan" an exciting new scent, spicy and refreshing, has become a particular favorite this season.

"Spruce" bringing all the out-of-door freshness of the tawny northwoods has also proved popular with men, of distinction in the past few weeks. Smart leather travelling cases beautifully appointed or empty to fit his own accessories also prove popular with the man in your family at Christmas.

INSPECT MEAT

The North Okanagan Health Unit has followed the lead of the South Okanagan Health Unit in advocating to the departments of health and agriculture at Victoria that all hogs, beef and mutton for retail sale should be inspected.

Longest river in Canada is the Mackenzie—2,514 miles.

"Save on Summer Salads"

Says

Mrs. L. S. LITTLE,

Winnipeg Home Economics Teacher and Mother of a beautiful Carnation Baby.

Imagine! This delicious salad is practically a whole meal for six! Yet it calls for just a small can of fish.

Former Home Economics teacher Mrs. Little is a real Carnation booster—no wonder, with baby Nancy such a beautiful Carnation baby—and with such Carnation recipes as this making Little make such grand affairs.

You too, will find that Carnation Evaporated Milk helps out food bills—yet makes meals wonderfully appetizing and nourishing. Heavy enough to whip, Carnation can usually be used instead of cream—or mixed half and half with water, it fills almost every milk need. Try Carnation!

"from Contented Cows"

Softened gelatin in water. Heat milk in double boiler.

1 envelope unflavored gelatin
1/2 cup cold water
1 cup Carnation Milk
2 eggs yolks
1 teaspoon salt
1 teaspoon prepared mustard
1/2 teaspoon popovers
2 tablespoons lemon juice
1 1/2 can tuna (or 8 oz. can salmon), drained and flaked
1/2 cup diced carrot (optional)
Soften gelatin in water. Heat milk in double boiler. Add gelatin and stir until dissolved. Combine egg yolks, salt, mustard, paprika, and beat slightly. Add small amount of the milk and return to double boiler. Stir constantly over hot (not boiling) water, until mixture thickens. Cool. Add remaining ingredients. Chill in large mould.

APPEZZING APPLE CAKE

Recipe
Measure into bowl, 1/2 cup lukewarm water, 1 1/2 cups granulated sugar, stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 minutes. THEN stir well. Scald 1/2 cup milk and stir in 1/2 cup granulated sugar, 1/2 teaspoon salt, 3 tablespoons shortening, cool to lukewarm. Beat in 1 cup once-sifted bread flour. Add yeast mixture and 1 beaten egg; beat well. Work in 2 1/2 cups once-sifted bread flour. Knead lightly; place in greased bowl and brush top with melted butter or shortening. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong and fit into greased pans about 7" x 11". Grease tops, cover and let rise until doubled in bulk. Peel, core and cut 8 apples into thin wedges. Sprinkle risen dough with 1/2 cup granulated sugar and lightly press apple wedges into cake tops, sharp edges down and close together. Mix 1 cup granulated sugar and 1 1/2 teaspoons cinnamon; sprinkle over apples. Cover and let rise about 1/2 hour. Bake in moderate oven, 350°, about 1 hour. Serve hot, with butter.

New Fast-Acting Dry Yeast

Needs NO Refrigeration! Says fresh and full-strength on your pantry shelf for weeks! Here's all you do:

1 In a small amount (usually specified) of lukewarm water, dissolve thoroughly 1 teaspoon sugar for each envelope of yeast.

2 Sprinkle with dry yeast. Let stand 10 minutes.

3 THEN stir well. (The water used with the yeast counts as part of the total liquid called for in your recipe.)

Order a month's supply!

It's so different today

THE FIRST HUMANS to eat cereals raised the grain near their primitive dwellings and ground it up for food. Today that delicious, crisply appetizing cereal treat—Post's Grape-Nuts Flakes—is yours at any grocery store... ready to serve... easy to digest... wholesome... nourishing... good for all the family.

Don't mind if your menfolk develop "cave-man" appetites for Post's Grape-Nuts Flakes. Every delicious spoonful provides helpful nourishment from TWO GOLDEN GRAINS—sun-ripened wheat and malted barley—useful quantities of carbohydrates, protein, phosphorus and iron. For joyful, healthful eating ask today for Post's Grape-Nuts Flakes.

GF-109

MOTORCYCLE CAR COLLIDE

A bruised hand and \$35 damage to his bike was the net result when a motorcycle operated by Vincent T. Andrykew, Okanagan Mission, collided with a panel delivery truck driven by W. E. O'Flaherty on Burne Avenue at noon last Monday.

RAILWAY HEADS HERE

H. Argell, freight traffic manager, Canadian Pacific Railway, Winnipeg, and K. M. Fetterley, assistant freight traffic manager, Vancouver, will be business visitors in Kelowna on Tuesday.

EDITORIALS

(Continued from Page One)

should change his occupation and live close to nature.

He obtained a 10-acre farm some 30 miles out of town and grew onions and kept cows. He managed to pay his way and to raise a family of a boy and a girl.

These four persons, the parents and the son and daughter, interested themselves in every form of community welfare. They generously supported the church and the school and gave personal service freely. The daughter played the church organ and the son was active in young people's work. The son married and adopted two children.

When this man at a ripe old age was called to the unseen world a week or two ago no one spoke aught but good of his name. He had always been decent, kindly and tolerant and a good neighbor. Nearly a dozen of the young men who had associated with him in an organization of less than 30 members a half-century ago attended his funeral in whole-souled tribute to his worth. In their minds there was no shadow of doubt that their friend had exemplified success in its truest form.

More About
MARKED IMPROVEMENT

(From Page 1, Col. 3)
A permanent examiner will be stationed in Kelowna and tests will be given at the government agent's office. Vernon is the only other point in the Okanagan where a permanent testing station has been set up.

Notification cards have been sent to those who have not been examined since between 1940 and 1944. When this examination is completed, those who were issued licences after 1945 will be examined. On the basis of these tests, the drivers' licences will be dealt with as may be warranted in order to give as much protection as possible to other users of the highway as to themselves, Mr. Moore concluded.

YULE BAZAAR
ON WEDNESDAY

Many delightful and novel Christmas gift suggestions will be on display this Wednesday afternoon and evening at the Anglican Church bazaar to be held in the new church hall on Sutherland Avenue.

Opening at 2:30 in the afternoon, the bazaar will continue until around 6 o'clock with tea being served during the afternoon session. After a short dinner recess, the bazaar will reopen around 7

p.m. and will continue until 10:30. Refreshments will be served during the evening.

Apart from the various gift suggestions for adults and children alike, a number of attractions especially designed to keep the children interested while their mothers are shopping will be a feature attraction of the afternoon.

A fish pond will highlight the latter as well as a special stall run by the Sunday school. Convening the day long affair is H. G. M. Gardiner assisted by Rex Marshall. J. H. Moore is in charge of all stall arrangements, while the stalls themselves are being taken care of by the various church organizations. Included among the latter are the Parish Guild, the Women's Aux-

iliary, the evening Women's Auxiliary, the Anglican Men's Club and the A.Y.P.A.

Basic reason for census-taking is to determine parliamentary representation for the various areas

NEW . . . The
Greeting Card
that's a GIFT!

If your reputation is for always finding something different and delightful—look no further. Here's the "something special" for people you want to remember with more than a card. From the famous beauty house of Harriet Hubbard Ayer, it's a Yuletide Bell Greeting Card that holds a miniature bottle of Golden Chance Perfume. Inside is a sachet note of the same scent . . . a fragrance that combines both delicacy and dash. What's more, it's no trouble to wrap or mail. Complete with its own mailing carton, \$2.00.
